

Ideal for owner-operators, ABSS Accounting helps you process sales and purchases, track receivables, payables and SST, email your quotes and invoices and more – all with the click of a few buttons.

ABSS Accounting avoids accounting jargon and is easy to use. Its award winning design guides you through the automation of your accounts, making it easy to track all your accounting data. With ABSS Accounting's powerful inventory management system, you'll always know exactly what's in stock, on order and committed.

Business Insights

The Business Insights feature allows you to analyse key financial information using a range of interactive tables and graphs. You can use it to analyse your:

- available cash
- cash flow
- profit and loss
- the money that you owe suppliers
- the money that customers owe you

With access to such information you can now:

- Plan your expenditure work out
- Predict the effect a major purchase or hiring would have on your cash position
- Predict CashFlow Issues
- Renegotiate customer payment terms
- Contact customers with overdue payments
- Negotiate a payment or discount with your supplier

Business Insights runs as a separate program

Business Insights can remain open while you have your company file open. If you want, you can analyse data using Business Insights while other users enter transactions in your company file. Click Refresh to update information with their changes.

With the addition of Business Insights you now can make smarter decisions in a shorter period of time.

Invoice delivered in seconds

Save on postage and stationery cost by emailing your invoices – its easy to do with ABSS Accounting! It also means you can get your invoices out faster, improving your cash flow.

You can email quotes, orders and invoices direct to your customers and suppliers, because ABSS Accounting creates forms and report as secure PDF documents that cannot be edited.

ABSS Accounting's email capability works with all MAPI compliant email software, including Microsoft® Outlook.

Accounting made simple

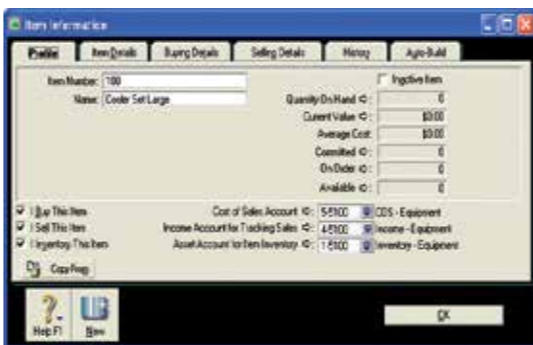

Put your best stock forward

ABSS Accounting inventory management system lets you know what's in stock and what's on order at a glance. Keep track of what you buy and sell and how much you have on hand. It's easy to reconcile inventory balances, assign descriptions/images, buy and sell in different units and back-order or buy stock at any time for ultimate control.

You will appreciate the freedom you have when working with inventory transactions. You can recall, edit, reverse and delete inventory adjustments and transfers just as you can with other recorded transactions.

With ABSS doing all this work and more for you, you can now be focusing on understanding how your industry is likely to play out, and getting very clear on the key strategic moves your company needs to make to position yourself for future success in your industry.

Get your stocks to work for you

Customise your Reports and Business Forms

Redesign your invoices and statements – make them your own. Every business is unique. Your business forms are the public face of your company and ABSS Invoices and other forms can be completely customised.

Choose from a wide range of data fields, add borders, background pictures, shading or coloured lines – in short create the perfect form for your business.

Want to add a logo or customised text? Want to add header and subtotals lines? The ABSS form designer makes it possible.

You are what you project

Avoid tedious entries of bank statements

ABSS Accounting automates bank reconciliation. The Get Statement feature imports bank and credit card statements that you have downloaded from the Internet and marks all the matching transactions as cleared. Easy! (Please note: file formats of your bank statements are bank dependent).

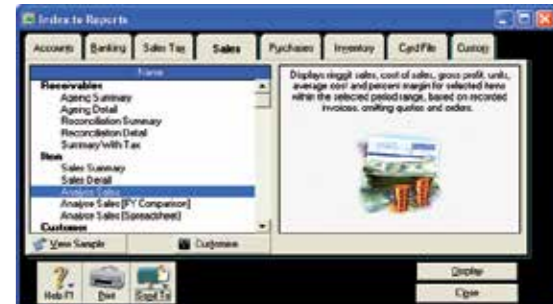

Make your bookkeeping easier

Keep the right people

Put together everyone that is important to your business in one location via ABSS card file. This way the right contacts and communication can be shared. You will be pleased to know that ABSS Accounting can give up-to-the-minute sales and customer information.

Reports can be exported in a variety of different formats, allowing you to send them electronically or open them in Microsoft® Excel.

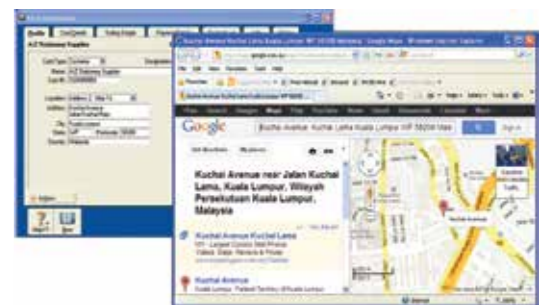

Be Prepared and Keep in Touch

View contact addresses in Google Maps™

You can view a map of a contact's address, as well as get directions to their address via Google Maps. All you have to do is bring up the contact details stored in your ABSS card file and then click on the Google map link found inside your ABSS software. You can get directions from primary address of your business to the contact's address via Google Map, making service rendered to your contacts that much quicker!

Now you have a great way to use the Internet and ABSS to help your business succeed.
